CEND Monothematic Meeting

“Gender medicine: molecular mechanisms for woman's reproductive health and disease”

September 25th, 2019

Aula B
Department of Pharmacological and Biomolecular Sciences
via Balzaretti, 9 20133 - Milan

Programme

9,30-9,40 Overview

9,40-10,10 Margherita Turco, University of Cambridge
“Endometrial organoids as a model to study human endometrial physiology and disease “

10,10-10,40 Sofia Makieva, Ospedale San Raffaele, Milan
“Embryo-endometrial tête-à-tête during implantation: the elusive role of extracellular vesicles “

10,40-11,10 Roberta Rizzo, University of Ferrara
“Endometrial immune checkpoint: a key role in woman's reproductive health”

11,10-11,40 Giovanna Pepe, University of Milan
“Estrogen signaling in macrophages: relevance for woman’s reproductive organs”

Supported by Unimi (Fondo supporto alla ricerca, Linea 2 azione B, 2018)

Organizer: Elisabetta Vegeto, University of Milan
